The Dan Panorama Hotel, rising twenty-one stories high on Mount Carmel, offers you a choice of spectacular views: one side commands a splendid panorama of the city of Haifa, Mount Carmel and the sea. Another vantage point presents the huge curve of Haifa Bay and the endless stretches of Israel's beautiful Mediterranean coastline. The only Haifa hotel that's a city landmark, the Dan Panorama Hotel is contemporary in style with spacious public areas and guestrooms featuring floor to ceiling windows. The hotel also adjoins the city's upscale Panorama Mall that houses fine boutiques, elegant cafes and entertainment venues. Close by are the outdoor coffee bars and stores of the bustling Carmel Center, a favorite gathering place for visitors and locals. Designed for the young at heart, the informal, easy-going ambiance of this Haifa hotel invites you to relax and feel at home.
