

MPH Club Porsche Rental

1701 Collins Ave
Miami Beach
33139

We are not your average exotic car rental company, and no two days are the same. We often work with world famous celebrities, artists, athletes, and influencers. We are often the first company in the nation to offer brand new exclusive vehicles. We give people the opportunity to drive their dream cars on a daily basis. The pure joy felt when our clients turn on their first Lamborghini rental is incredibly rewarding. This interaction literally drives us to continually improve and expand. There is no such thing as a boring day at mph club. To stay up to speed, check out our blog for updates and exclusive content. If you want to see more, check out our YouTube channel where we meet celebrities, go to exotic car events, and review the cars we offer in the fleet! Welcome to the club.
